LOCATION MATTERS WITH **MEMBER REWARDS**

When your doctor recommends a procedure, you decide where to get the service you need.

Did you know that prices for the same medical services, such as MRIs, CT scans, lab tests and more, can vary from hundreds to thousands of dollars? With Member Rewards it can help reduce your out-of-pocket costs for your health benefit plan, and you have an opportunity to receive a cash reward when you shop for a cost-effective health care provider.

Remember that choosing a health care provider or location can be complicated, so expert assistance about your options may show you the best value. A Benefits Value Advisor* (BVA) can offer helpful information about medical professionals and facilities near you, so call a BVA – you're more likely to save some money!

Follow these simple steps to get started:

- ① From your desktop, log in to [Blue Access for MembersSM](#).
- ② Start a search under the **Doctors & Hospitals** tab.
- ③ Search for any Member Rewards eligible procedure up to the day of service. Complete your selection prior to receiving the service.
- ④ Any cash reward earned will be mailed to your home.

* Benefits Value Advisors offer cost estimates for various providers, facilities and procedures. Lower pricing and cost savings are dependent on the provider or facility of your choosing. Member communications and information from Benefits Value Advisors are not meant to replace the advice of health care professionals and members are encouraged to seek the advice of their doctors to discuss their health care needs. Decisions regarding course and place of treatment remain with the member and his or her health care providers. Cost estimates are just an estimate. In addition to your usual deductibles, copayments and/or coinsurance, the actual cost of the services may vary based on many factors including the date of service, the actual procedure performed, what services were billed by the provider and your particular benefit plan. Coverage is subject to the limitations and exclusions of your plan.
